

International Offshore Platform Projects

Ceram-Kote 54® is used offshore as shown in the following selected projects:

Customer	Project	Location
Norcen Explorer	10-12 platforms	Gulf of Mexico
Walter Oil and Gas	6 new platforms and all maintenance painting	Gulf of Mexico
Conoco	Platform heliports, boat landings, structure legs and decks	Gulf of Mexico
American Exploration	High Island Block 13 Platform	Gulf of Mexico
Kerr-McGee	Boat landing and stairways for platforms	Gulf of Mexico
Coastal Oil and Gas	West Cameron 504 Platform	Gulf of Mexico
Coastal Oil and Gas	East Cameron 189 Platform	Gulf of Mexico
Petsec Energy	Ship Shoal Block 193 Platform	Gulf of Mexico
Petsec Energy	Ship Shoal Block 194 Platform	Gulf of Mexico
King Ranch Oil and Gas	Platform jacket and riser piping	Gulf of Mexico
IP Petroleum	Production skids on offshore platforms built by Hanover	Gulf of Mexico
Hanover-Maintech	Offshore compressor skids	Gulf of Mexico
Pennzoil	Boat landings, well heads, decks and engine blocks	Gulf of Mexico
Enron Oil and Gas	Platform jacket	Gulf of Mexico
Coastal Oil and Gas	8-pile production platform	Main Pass 198 "A"
Coastal Oil and Gas	4-pile production platform	West Cam 504 "B"
Forcenergy	4-pile production platform	West Cam A551 "C"
Ocean Energy	Boat landing and jacket	Main Pass 69
Ambar	Concrete floor for shop	Cameron, LA
Hydril	Subsea drilling equipment	Houston, TX
Houston Exploration Co.	Small production platform	East Cam 185 #2
Enron	4-pile jackets for two platforms	South Louisiana
O.E.D.C.	Platform components	Mobil Bay
Aviara Energy	Offshore platforms maintenance	Gulf of Mexico
Walter Oil	Maintenance painting	Gulf of Mexico

International Offshore Platform Projects

Customer	Project	Location
American Exploration	4-pile platform	East Cam 338
O.E.D.C.	4-pile platform	V.K. 105
Statoil	Gullfaks A-C - hundreds of isolation spools in carbon steel, stainless steel and titanium for produced water - oil and gas	North Sea
Statoil	Statfjord A - crude oil separator tanks and spools	North Sea
Statoil	Gullfaks A - manifolds for crude oil	North Sea
Statoil	Sleipner West - isolation spools for oily drain and different fluids	North Sea
Statoil	Veslefrikk - isolation spools inside diameter and outside diameter for water injection and crude oil	North Sea
Statoil	Gullfaks A - potable drinking water tanks	North Sea
Statoil	Gullfaks C - water injection system to pump ID	North Sea
Statoil	Mongstad - 36" tube for crude oil ID, pump housings	North Sea
Statoil	Kallstø - all maintenance	North Sea
Hydro Saga Statoil	Njord Saga Vidis Statfjord - over 600 electrical and diesel engines from Siemens (Germany)	North Sea
Norsk Hydro	Oseberg A-B-C - spare boom and burner boom	North Sea
Norsk Hydro	Oseberg A - heavy walls inside diameter risers	North Sea
Norsk Hydro	Oseberg A-B-C - total coating of different tanks - frames - inside legs in concrete, support piping, handrails, valves, equipment and structures, flanges, isolation spools I.D.	North Sea
Norsk Hydro	Oseberg F - heavy lift crane, mud tanks, flare derrick	North Sea
Norsk Hydro	Oseberg F - total maintenance program	North Sea
Norsk Hydro	Troll B and Brage - frames in steel between the concrete and different tanks and frames for platform	North Sea
Norsk Hydro	Troll B and Brage - (3) potable water tanks	North Sea
Norsk Hydro	Troll B - riser pipes	North Sea
Norsk Hydro	Brage - tubes and supports	North Sea
Norsk Hydro	Troll C - fresh water tanks, potable tanks, riser tubes and bellmouths, deck are on top of "PITT-CHAR" fire protection	North Sea
Norsk Hydro	Njord - 39 meters (128 feet) guide tubes (Risers) internal, riser bellmouths	North Sea
Norsk Hydro	Oseberg A - separator tanks for crude oil (3), valves and tubes, fire equipment	North Sea
Norsk Hydro	Oseberg B - five solvent tanks for different fluid, electrostatic water separator	North Sea
Norsk Hydro	Oseberg B - lay down areas, container landing deck, pipe rack supports	North Sea

International Offshore Platform Projects

Customer	Project	Location
Norsk Hydro	Wellhead Equipment - X-MAS TREE	North Sea
ELF Petroleum - Norway	Heimdal - firewater system ID Titanium	North Sea
Phillips (PPCON)	Ekkofisk Bravo - high pressure seaface of 4" HUB machined to specified tolerance	North Sea
Norsk Hydro Kvaerner Masa Yards	Njord FSU (crude oil storage supertanker) - all pipes in galvanized, stainless steel and carbon steel; doors, hatches, remaining equipment on ship deck, and deck areas	North Sea
Esso Production (M) Inc.	Generator skid	Offshore Terengganu
Petronas Carigali (Baram delta operations)	Internals of fine filter vessels	Baronia field offshore Miri Malaysia
Petronas Carigali (Peninsular Malaysia operations)	Internals and externals of 4" (10.16 cm) and 8" (20.32 cm) fire water columns	Offshore Terengganu Malaysia
Petronas Carigali	Internals of pump discharge heads	Offshore Terengganu
Esso Production (M) Inc.	8" (20.32) fire water columns	Offshore Terengganu
Esso Production (M) Inc.	Caterpillar engine	Offshore Terengganu
Petronas Carigali P.M.O. operations	Internals and externals of 4" (10.16 cm) fire water columns	Offshore Terengganu
Petronas Carigali P.M.O. operations	Internals and externals of 8" (20.32 cm) fire water columns	Offshore Terengganu
Micoperi	Micoperi 61 self-elevating crane barge - DeLong air hoist system legs	Italy
